## No water, no shade and never a dull moment

Dictionaries describe an oasis as a place of peace, safety and happiness in the midst of trouble. Boy, were they wrong!

OOHHHISIS follows the sun-baked adventures of Oscar, our lizard hero, as he tries to eke out a living in a desert full of predatory poultry, mischievous meerkats and a cantankerous canine named Roco. Mix in Popy the fox, Harchi the hyena, and Buck the vulture (a trio of no brained neighbours) and you've got yourself a desert dust bowl full of fast paced fun.

Set in a spectacular desert landscape, OOOHHHISIS races through prickly cactus, down dusty roads, and over cliff edges with all the visually frantic charm of the cartoon classics.

So find yourself a nice cool spot in the shade, dip your feet in the water, kick back and enjoy OOOHHHISIS.
